

Accreditation Performance Statement

From 1st July 2007, the ACHS Terms and Conditions includes the introduction of a policy regarding compulsory public disclosure of an individual organisation's accreditation results.

The ACHS strongly believes in the public availability of appropriate information resulting from accreditation surveys, and is actively encouraging all members to make this information available to interested parties, most notably consumers.

Name of member organisation:	Garden Court Clinic
Org Code :	12 00 32
Date :	2 November 2010

Organisation's Comments

The staff at the Garden Court Clinic continue to provide focussed customer service and strong, effective relationships with its local and referral community.

Survey Coordinator's Comments

Garden Court Clinic is a privately owned dosing clinic that provides an alternative for clients who do not wish to attend a public or pharmacy service. The clinic has extended the service to include primary care, mental health, dental and dietician services for clients through partnerships developed with Royal Prince Alfred Hospital, local GPs, psychiatrists, a psychologist counselling service and referrals advice. The quality and risk management and mitigation systems are in place and appropriately evaluated and updated as required.
