

Accreditation Performance Statement

From 1st July 2007, the ACHS Terms and Conditions includes the introduction of a policy regarding compulsory public disclosure of an individual organisation's accreditation results.

The ACHS strongly believes in the public availability of appropriate information resulting from accreditation surveys, and is actively encouraging all members to make this information available to interested parties, most notably consumers.

Name of member organisation:	Canberra Eye Hospital
Org Code :	86 04 50
Date :	2 December 2010

Organisations Comments.

Canberra Eye Hospital has been accredited by ACHS since 1996. During this time the organisation has consistently demonstrated commitment to the quality process, integrated patient care and the achievement of best practice by benchmarking and the introduction of proven technologies. Canberra Eye Hospital has never received any high priority recommendations and in the most recent survey received only 2 recommendations.

Survey Coordinator Comments.

Canberra Eye Hospital provides high quality and effective surgical ophthalmic treatment for patients as Day Surgical Services. The management and staff aim to provide an environment which supports expert compassionate care to its patients from the initial beginning of the surgical experience, to recovery, discharge and after care support.
